## The Ranch

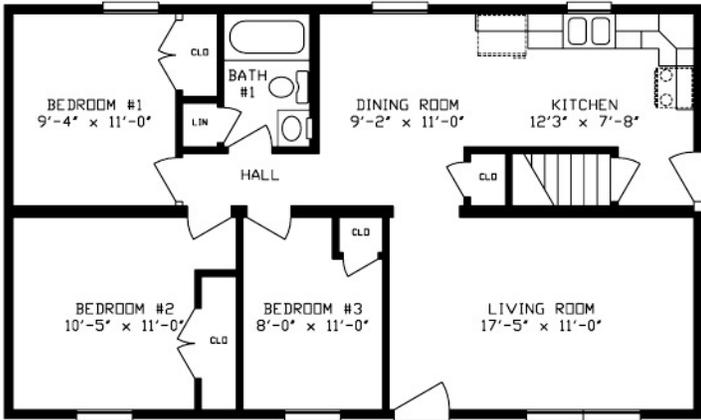

The ranch home is one of the most popular and practical styles in housing today. The ranch offers the convenience of all living space on the same level and can be adapted to both a crawl space or full foundation. The exterior of this home can be smartly dressed with the addition of offsets, porch roofs, decorative dormers and/or door and window packages. (Porch roof as shown on elevation is optional.)

## *The Raised Ranch*

The success of this split foyer home is in the utilization of the lower level. The raised foundation provides options for convenient garage space as well as door and window packages necessary for additional living space in the lower level. The exterior of this home can be finished with either a flush front or the traditional cantilever.
